

REMARKS

Claims 1-55 are pending. By this *Amendment*, the specification has been amended and new Fig. 26 added. Reconsideration in view of the above amendments and the following remarks is respectfully requested.

In a July 6, 2000 telephone conference, Examiner Duong indicated the above-identified application was in condition for allowance apart from some minor informalities. In particular, Examiner Duong requested a new figure be added which illustrates the display device being used for a television. Accordingly, applicants have amended the specification and added new Figure 26. Accordingly, applicants respectfully submit that all features in the claims are illustrated in the drawings.

Applicants respectfully submit the application is in condition for allowance. Should the Examiner believe anything further is desirable in order to place the application in even better condition for allowance, the Examiner is encouraged to contact applicants' undersigned representative at the telephone number listed below.

Respectfully submitted,

Eric J. Robinson
